- Tilray medical cannabis products now available to patients in 11 countries on five continents
- Company has signed agreements to supply adult-use cannabis to consumers in seven Canadian provinces and territories
- Significant progress achieved in expanding Company's global production capacity

NANAIMO, British Columbia--(BUSINESS WIRE)--Aug. 28, 2018-- Tilray, Inc., ("Tilray" or the "Company") (NASDAQ: TLRY) a global pioneer in cannabis production and distribution, today reported financial results for second quarter and six months ended June 30, 2018. All financial information in this press release is reported in U.S. dollars, unless otherwise indicated.

"We are very pleased with our strong start to 2018. Tilray is well-positioned to continue to pioneer the development of the global medical cannabis market and to become a leader in the adult-use cannabis market in Canada," said Brendan Kennedy, President and Chief Executive Officer of Tilray. "In the second quarter, we generated significant revenue growth as a result of our global strategy, our multinational distribution network and our commitment to research, innovation, quality and operational excellence."

Second Quarter 2018 Financial Highlights

- Revenue increased to \$9.7(C\$12.7) million, up 95.2% compared to the second quarter of last year. The increase in revenue was driven by increased patient demand in Canada, sales to other Licensed Producers and international sales.
- Total kilogram equivalents sold increased 745 kilograms to 1,514 kilograms, or 97%, compared to the prior year.
- Average net selling price per gram increased from \$6.20 to \$6.38 (C\$8.12 to C\$8.36) for the three months ended June 30, 2017 and 2018, respectively. The increase was primarily due to growth in higher potency product and extract sales, partially offset by an increase in wholesale revenues.
- Net loss for the quarter was \$12.8 million compared to \$2.4 million for the second quarter of 2017. Net loss includes non-cash stock compensation charges of \$5.6 million compared to a \$35 thousand charged in the prior year period. Adjusted EBITDA was a loss of \$4.7 million compared to a loss of \$1.9 million the second quarter last year. The increased net loss and Adjusted EBITDA decline was primarily due to the increase in operating expenses related to continued growth, expansion of international teams, and costs related to financing and the initial public offering ("IPO").

Business Highlights in 2018 to date:

- Successfully completed IPO in July whereby 10.350 million shares of Class 2 Common Stock were sold at an initial price to the public of \$17.00 per share. The Company received net proceeds of \$163.6(C\$216.9) million after the underwriting discount. Net proceeds will be used to fund the build out of cultivation and processing capacity, repay outstanding principal and interest under the Privateer Holdings debt facilities, and for future acquisitions and working capital.
- Prior to the IPO, completed Series A funding of \$55.0(C\$69.2) million from leading institutional investors.
- Signed agreements to supply cannabis to adult-use consumers in seven Canadian provinces and territories (British Columbia, Manitoba, Nova Scotia, Ontario, Quebec, the Yukon territory and the Northwest Territories).
- Entered into a strategic agreement with Sandoz Canada, a division of Novartis, to collaborate on the creation and sale of co-branded and co-developed non-combustible medical cannabis products.
- Signed agreement with Shoppers Drug Mart Inc., Canada's largest pharmacy chain with more than 1,200 pharmacies and expect to supply Tilray products following approval of Shoppers' application to become a Licensed Producer.
- Signed binding letter of intent with Pharmasave, one of Canada's leading independent pharmacy chains with more than 650 pharmacies, which Tilray anticipates will allow it to supply Pharmasave stores with Tilray products contingent upon a change in laws that permits Canadian pharmacies to distribute medical cannabis to patients.
- Completed exports to Argentina, South Africa and the United Kingdom, making Tilray products available in 11 countries on five continents.
- Launched High Park Holdings Ltd., Tilray's wholly owned subsidiary formed to serve the pending adult-use market in Canada with a broad-based portfolio of cannabis brands and products.
- Announced the launch of the CANACA™ brand, a new cannabis brand celebrating Canadian roots, values and this historical moment in Canada as the country becomes the world's first G7 nation to federally legalize cannabis through adult-use legalization.
- Announced clinical study results of Tilray® 2:100 product showed promise in Canada's first pediatric study of mixed THC/CBD medical cannabis oil for children with drug-resistant epilepsy.

Forward Looking Statements

This press release contains "forward-looking statements", which may be identified by the use of words such as, "may", "would", "could", "will", "likely", "expect", "anticipate", "believe", "intend", "plan", "forecast", "project", "estimate", "outlook" and other similar expressions. Forward-looking statements are not a guarantee of future performance and are based upon a number of estimates and assumptions of management in light of management's experience and perception of trends, current conditions and expected developments, as well as other factors that management believes to be relevant and reasonable in the circumstances, including assumptions in respect of current and future market conditions. Actual results, performance or achievement could differ materially from that expressed in, or implied by, any forward-looking statements in this press release, and, accordingly, you should not place undue reliance on any such forward-looking statements and they are not guarantees of future results. Forward-looking statements involve significant risks, assumptions, uncertainties and other factors that may cause actual future results or anticipated events to differ materially from those expressed or implied in any forward-looking statements. Please see the heading "Risk Factors" in the final prospectuses for Tilray's initial public offering, which were filed with the Securities and Exchange Commission on July 19, 2018, for a discussion of the material risk factors that could cause actual results to differ materially from the forward-looking information. Tilray does not undertake to update any forward-looking statements that are included herein, except in accordance with applicable securities laws.

Use of Non-U.S. GAAP Financial Measures

To supplement its financial statements, the Company provides investors with information related to Adjusted EBITDA, which is not a financial measure calculated in accordance with generally accepted accounting principles in the United States ("U.S. GAAP"). Adjusted EBITDA is calculated as net income (loss) before interest expense, net; other (income), net; tax expense; foreign exchange (gain) loss; depreciation and amortization; and stock-based compensation expense. The Company believes non-U.S. GAAP financial measures provide useful information to management and investors regarding certain financial and business trends relating to the Company's financial condition and results of operations. Management uses non-U.S. GAAP financial measures to compare the Company's performance to that of prior periods for trend analyses and planning purposes. Non-U.S. GAAP financial measures are also presented to the Company's Board of Directors and Adjusted EBITDA is used in its credit agreements.

Non-U.S. GAAP measures should not be considered a substitute for, or superior to, financial measures calculated in accordance with U.S. GAAP. Non-U.S. GAAP measures exclude significant expenses that are required by U.S. GAAP to be recorded in the Company's financial statements and are subject to inherent limitations.
