CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain information in this communication constitutes forward-looking information or forward-looking statements (together, “forward-looking statements”) under Canadian securities laws and within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbor created by such sections and other applicable laws. The forward-looking statements are expressly qualified by this cautionary statement. Forward-looking statements are provided for the purpose of presenting information about management’s current expectations and plans relating to the future, and readers are cautioned that such statements may not be appropriate for other purposes. Any information or statements that are contained in this communication that are not statements of historical fact may be deemed to be forward-looking statements, including, but not limited to, statements in this communication with regards to: (i) statements relating to the strategic business combination of Aphria and Tilray and the expected timing and closing of the proposed business combination (the “Transaction”); Transaction including, receipt of required shareholder approvals, court approvals and satisfaction of other closing customary conditions; (ii) estimates of pro-forma financial information of the Combined Company, including in respect of expected revenues and production of cannabis; (iii) the expected strategic and financial benefits of the business combination, including estimates of future cost reductions, synergies, including expected pre-tax synergies, savings and efficiencies; (iv) statements that the Combined Company anticipates having scalable medical and adult-use cannabis platforms expected to strengthen the leadership position in Canada, internationally and, eventually in the United States; (v) statements that the Combined Company is expected to offer a diversified and branded product offering and distribution footprint, state-of-the-art cultivation, processing and manufacturing facilities; (vi) statements in respect of operational efficiencies expected to be generated as a result of the Transaction in the amount of approximately C\$100 million of pre-tax annual cost synergies; (vii) statements regarding the value and returns to shareholders expected to be generated by the business combination; (viii) expectations of future balance sheet strength and future equity; (ix) expectations regarding the Combined Company’s future M&A strategy; and (x) the expectation that the Combined Company’s shares will be listed on the Toronto Stock Exchange concurrently with, or as soon as possible after, the closing of the Transaction. Aphria and Tilray use words such as “forecast”, “future”, “should”, “could”, “enable”, “potential”, “contemplate”, “believe”, “anticipate”, “estimate”, “plan”, “expect”, “intend”, “may”, “project”, “will”, “would” and the negative of these terms or similar expressions to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Certain material factors or assumptions were used in drawing the conclusions contained in the forward-looking statements throughout this communication, including the ability of the parties to receive, in a timely manner and on satisfactory terms, the necessary shareholder and court approvals for the Transaction, the ability of the parties to satisfy, in a timely manner, the conditions to closing of the Transaction and other expectations and assumptions concerning the Transaction. Forward-looking statements reflect current beliefs of management of Aphria and Tilray with respect to future events and are based on information currently available to each respective management team including the reasonable assumptions, estimates, analysis and opinions of management of Aphria and Tilray considering their experience, perception of trends, current conditions and expected developments as well as other factors that each respective management believes to be relevant as at the date such statements are made. Forward-looking statements involve significant known and unknown risks and uncertainties. Many factors could cause actual results, performance or achievement to be materially different from any future forward-looking statements. Factors that may cause such differences include, but are not limited to, risks assumptions and expectations described in Aphria’s and Tilray’s critical accounting policies and estimates; the adoption and impact of certain accounting pronouncements; Aphria’s and Tilray’s future financial and operating performance; the competitive and business strategies of Aphria and Tilray; the intention to grow the business, operations and potential activities of Aphria and Tilray; the ability of Aphria and Tilray to complete the Transaction; Aphria’s and Tilray’s ability to provide a return on investment; Aphria’s and Tilray’s ability to maintain a strong financial position and manage costs, the ability of Aphria and Tilray to maximize the utilization of their existing assets and investments and that the completion of the Transaction is subject to the satisfaction or waiver of a number of conditions as set forth in the Arrangement Agreement. There can be no assurance as to when these conditions will be satisfied or waived, if at all, or that other events will not intervene to delay or result in the failure to complete the Transaction. There is a risk that some or all the expected benefits of the Transaction may fail to materialize or may not occur within the time periods anticipated by

Aphria and Tilray. The challenge of coordinating previously independent businesses makes evaluating the business and future financial prospects of the Combined Company following the Transaction difficult. Material risks that could cause actual results to differ from forward-looking statements also include the inherent uncertainty associated with the financial and other projections as well as market changes arising from governmental actions or market conditions in response to the COVID-19 public health crisis; the prompt and effective integration of the Combined Company; the ability to achieve the anticipated synergies and value-creation contemplated by the Transaction; the risk associated with Aphria's and Tilray's ability to obtain the approval of the proposed transaction by their shareholders required to consummate the Transaction and the timing of the closing of the Transaction, including the risk that the conditions to the Transaction are not satisfied on a timely basis or at all; the risk that a consent or authorization that may be required for the Transaction is not obtained or is obtained subject to conditions that are not anticipated; the outcome of any legal proceedings that may be instituted against the parties and others related to the Arrangement Agreement; unanticipated difficulties or expenditures relating to the Transaction, the response of business partners and retention as a result of the announcement and pendency of the Transaction; risks relating to the value of Tilray's common stock to be issued in connection with the transaction; the impact of competitive responses to the announcement of the Transaction; and the diversion of management time on transaction-related issues. Readers are cautioned that the foregoing list of factors is not exhaustive. Other risks and uncertainties not presently known to Aphria and Tilray or that Aphria and Tilray presently believe are not material could also cause actual results or events to differ materially from those expressed in the forward-looking statements contained herein. For a more detailed discussion of risks and other factors, see the most recently filed annual information form of Aphria and the annual report filed on form 10-K of Tilray made with applicable securities regulatory authorities and available on SEDAR and EDGAR. The forward-looking statements included in this communication are made as of the date of this communication and neither Aphria nor Tilray undertake any obligation to publicly update such forward-looking statements to reflect new information, subsequent events or otherwise unless required by applicable securities laws.
